PROFESSIONAL DEVELOPMENT TRAINING OPPORTUNITIES

Employment in Pharmaceutical Regulatory / Scientific Affairs predominantly requires analytical/"paper" rather than people based skills. However to optimise personal effectiveness and manage staff effectively, efficient communication significantly improves both personal and team performance.

We are pleased to launch a range of soft-skills training workshops to help professional personal development. The following training will be held on-line except for Presentation Skills which will be Face to face training. All the following courses will only run with a minimum of 3 delegates.

All training courses listed below are available as "in-company" training courses for 3 or more delegates
